

Professional Development

Your path to choose. Our future to benefit.

What are you passionate about?

Explore what your own journey of transformation might look like. Each path is unique. Building on our history as experts in the “how” and our unwavering belief in the power of relationships, **we work together to strengthen collaborative capacities** within and across **your people, your teams, your organization and your community**. We are with you every step.

I want to grow foundational knowledge in interprofessional care and education.

→ Check out ehpic below

I want to enhance my own, my team's or my organization's capacity to collaboratively lead change.

→ Check out CCL below

I want to learn about transformative education approaches.

→ Check out TforT below

I want to learn and facilitate interprofessional education in a virtual setting.

→ Check out VITAL below

I'm curious but I need more information.

→ Check out our website at www.ipe.utoronto.ca

I want to help my team collaborate better for health and social care.

→ Check out BOOST! below

I want to co-create an interprofessional program.

→ Check out Coaching / Advising below

ADDRESSING THE GAPS. FOSTERING FUTURE SUCCESS.

PD that is flexible, award-winning, customizable, and embeds best practices in education.

We invite you to join us in *Learning Together for a Healthier World*.

Coaching /Advising

Specialized coaching and strategic advising with leaders and organizations wanting to develop, design, implement and evaluate their own local interprofessional program.

ehpic™

Educating Health Professionals in Interprofessional Care is a competency- based program to develop leaders in inter-professional education and care who have the knowledge, skills and attitudes to facilitate learners/colleagues in the art and science of working collaboratively and partnering for care.

BOOST!

Building Optimal Outcomes from Successful Teamwork. Innovative foundational team-based care workshop in a virtual interactive format with an aim to improve interprofessional collaborative practice for clinical and project teams across organizations.

VITAL

Virtual Inter-professional Teaching And Learning is a virtual learning series that covers key best practices and core competencies for interprofessional education (IPE) and virtual facilitation.

Collaborative Change Leadership™

Partnered Program. In collaboration with the University Health Network, the goal of this program is to develop people to lead health system transformation and enable a more just world for all.

TforT™

Partnered Program. In collaboration with the Centre for Faculty Development, this program brings together educators interested in the theory and practice of humanistic and transformative education.
